Now let us now have our guided meditation:

Rose Meditation

Take some time to make yourself comfortable until you are not distracted by anything in the physical realm. When you are relaxed, imagine that your consciousness is superimposed onto a rose. You feel the delicate petals caressed by the cool spring breeze. You are so light you feel like you can float to the heavens. You then become aware of your sturdy stem implanting you firmly into the ground. You feel strength shoot up the stem until you are brimming with energy and vitality. You smell the strong fragrance coming from within and it melts away any negativity.

Just then, two people appear to your right and are arguing with each other. One you recognize as your own ego, and the other is someone else's ego. Because you are a rose you do not try to get involved with the argument, but instead radiate your strength and beauty despite the negativity around you. You go within and shine even brighter than you ever have before, radiating a supreme positivity and love towards everything around you.

The two people arguing are so stunned by your strength and beauty that they find it hard to continue to argue. Instead, both remain silent and in awe. Just by being in your presence, all conflict is diminished. As long as you radiate peace and love, only the things of peace and love are allowed to enter your proximity. Accepting the moment fully, you return for a moment to explore the consciousness and being of a rose and then seal the visualization in gratitude.

Silent Meditation / Writing (5 min.)

We ask that these energies be multiplied by the power of the Divine Mother in all, and go forth to bless all mankind and inspire them to greater heights of cosmic consciousness and awareness of the Divine Mother as manifest in all living things. In the name of the Mother flame of God, it is done, it is finished, it is sealed. AMEN.
